First turn port orange fl schedule

The first opened restaurant and lounge was originally founded in 1984 by Rick, Denise and Lee Hilliard in the US 92 near Daytona Speedway. Based on stock-themed racing cars and is the home of Charcoal Sizzlin Steak, soon the drivers and teams become frequent visitors. In the fall of 1988 the original first open moved to its current location in U.S. 1 in Allendale, a mile south of the Port Orange Bridge. People from around a mile come to enjoy the famous Sizzlin Steak, a great time and racing memorabilia that has created a history of early racing in the Daytona Area. One of the best places to ride during Bike Week, my favorite of all on two wheels, is the first steak turn in the US 1 in Port Orange. Owners Rick and Denise have created the perfect boat for those who love to ride. Bikers love being outside, love good food and good music. The First Turn includes everything on the 5,000-square-foot Tiki bar with the famous Sizzlin seafood, sandwiches and steaks. Denise brings great pride in the music she brought in, and this year Hayfire, Tim Dugger, Megan Katarina Band, 4 Play and Easystreet are just some of the groups brought in for entertainment. This year the goat from full throttle was on the mic when I stopped in and the crowd loved him. Don't forget that on bike nights, Tuesday they do some free grub and \$1.50 longnecks with live music! It's disgusting twice, it's hardly enough, and because I go often never send it back, but they do at least offer, so my question to the customer is is it legal to make customers buy nasty food to listen to music and have a few?
